f 727.525.2545

Canterbury School of Florida was founded in 1968 as a coeducational, college-preparatory day school. Canterbury welcomes students of all races, creeds and religious origins, encouraging a diverse student body. The school is situated on two campuses minutes apart in northeast St. Petersburg: Hough Campus for PK3 through grade 4 and Knowlton Campus for grades 5 through 12.

Accreditation and Membership

Canterbury School of Florida is accredited by the Florida Council of Independent Schools (FCIS), Florida Kindergarten Council (FKC), and is a member of the National Association for College Admissions Counseling, Southern Association for College Admissions Counseling, Association of College Counselors in Independent Schools, National Association of Independent Schools, Florida Association of Independent Schools, and Educational Records Bureau.

Senior Capstone Writing Project

Within the senior level Capstone Writing seminar course, each senior writes a persuasive research paper which culminates in an interactive multimedia presentation to faculty. Students meet with advisors, generate significant research, develop strong writing skills, and prepare an informative speech for a faculty presentation. Previous topics include:

- Antibiotic Resistance in Humans
- Deforestation in Madagascar
- FDA Regulations in Slaughterhouses
- MLB's Economic Effect On a City

Signature Programs

Marine Studies

Marine Studies at Canterbury is a school-wide curriculum for students in PK3 – Grade 12. All students learn in our Cousteau Center for Marine Studies (CCMS), a 2,800 square foot stand-alone building on the Knowlton Campus dedicated to marine studies. This state-of-the-art learning laboratory engages students with three touch tanks, three outdoor tilapia tanks, a kayak fleet and more. Our program flourishes due to our location. Students have direct access to Tampa Bay's estuary with a living laboratory to explore. They also have unique access to a host of environmental and scientific institutions.

Character Education

Students work to identify and develop their individual skills, strengths, challenges, gifts, and capacity for leadership through hands-on service learning projects. They foster key relationships with people and organizations that encourage their independence and growth, while developing an understanding of the critical role that service must play in the life of a responsible global citizen. Students also begin to identify the areas of service to which they feel most connected, and how the lessons and skills developed through the program can be applied to their lives beyond school.

Educational Technology | Bring Your Own Device (BYOD)

Canterbury empowers its students, encouraging them to take control of their own technological legacy. Our educators provide students with the quintessential tools to ensure student proficiency in a variety of platforms. Students are given the opportunity to take the helm and lead the way in exploring different devices suited to their own unique learning needs and interests. Technology is woven into our curriculum to enhance the educational experience. Our vision is that all our students learn to manage digital tools in powerful and ethical ways to further their understanding of the world.

Advanced Placement Program

Canterbury offers 23 Advanced Placement courses. All are open enrollment, however, scheduling conflicts may affect a students' ability to pursue as many APs as they would like.

IN 2017, CANTERBURY ADMINISTERED 110 AP EXAMS TO 34 SENIORS WITH 80% SCORING 3 OR ABOVE

- AP Scholars with Distinction: 5
- AP Scholars with Honor: 2
- AP Scholars: 5
- National AP Scholar: 1

Disclosure of Conduct Records

As a NACAC member, Canterbury will, when requested on the institution's application, report student conduct records to colleges – including, but not limited to, serious disciplinary violations, honor code violations, probation, suspension, and dismissal.
